*Connecting with the Stars*

As Neptune ingresses into the spiritual sign of Pisces, we converge in the mystical land of *Israel* to inspire peace and higher consciousness for a world in transition. The program includes an amazing Astrology Conference in the peace village of Newe Shalom, meditation by the sacred Jerusalem stones, and a Yoga immersion retreat on the mountains atop the Dead Sea.

## *Astrology Conference with ISAR- Feb 2-4*

The international astrology organization **ISAR** is joining forces with us to manifest the most important astrology event to date in Israel. The conference will take place in the village of Newe Shalom where Arabs and Jews have chosen to co-exist peacefully to serve as a model of inspiration for future generations—a breathtaking landscape to hold the space for star knowledge and heart connections!

The conference faculty will include speakers from Israel and the international community, presenting in both English and Hebrew. The program will include a ceremony and a communal Peace Meditation to support the difficult political processes of the region and to set our collective intent for the new cycle of Neptune in Pisces. All participants are invited to bring an item that captures the energy of Neptune in Pisces and submit it to the ceremony circle. We aspire to mark this cycle with pure essence.

### **Conference Faculty and Topics in English:**

- Chris McRae:           The Great Conjunctions  
                                  The Strength of Eclipses
- Gisele Terry:           The Moon and Relationship Nature of Growth  
                                  Aries through Pisces – the Pattern of Human Development
- Linda Tucker:        Lions and Planets

Gisele Terry and Chris McRae will also hold a post-conference workshop on Consulting Skills that is an integral part of the ISAR certification study program.

5 additional presentations will be held in Hebrew –Non-Hebrew attendees will be compensated by being invited to attend the post conference workshop (Consulting Skills) for half the cost.

## *Special Guest – Linda Tucker*

### *Lion Shaman, Animal Communicator, author, and Head of the White Lion Reintroduction Program*

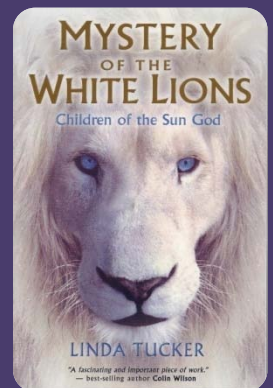

We are deeply honored to have Linda Tucker join our special program in Israel. “Coincidentally,” the grounds on which the conference is held in Neve Shalom used to be where the Judah tribe was located, symbolized by the biblical Lion of Judah!

White Lions are extremely rare and there is a rich spiritual quality to their presence—Indigenous African shamans refer to them as souls who come from other star systems. Interestingly, the only place on earth where they naturally manifest is called Timbavati in South Africa, and this means: “the place where the lions came from the stars.” They have reappeared on the planet very recently, many speculate because of the New Age of Aquarius—Leo being the natural polarity to Aquarius.

Linda Tucker will present at the Astrology conference, and along with Maurice Fernandez, discuss the astrology chart of the White Lions with the astrological timing of their reappearance. The uncanny celestial configurations leave us with much food for thought and wonder. Linda will also lead meditations and discussions during the Jerusalem and Dead Sea immersion. Be sure to join these powerful moments with us!

*In Hebrew the word ‘Lion’ (arie) shares the same root with ‘light’ (or) and ‘enlightenment’ (eara). Root letters in the Hebrew language are said to capture many of universal codes and truths. Surely the spiritual energy of the White Lion will bring light and inspire enlightenment during our conference!*

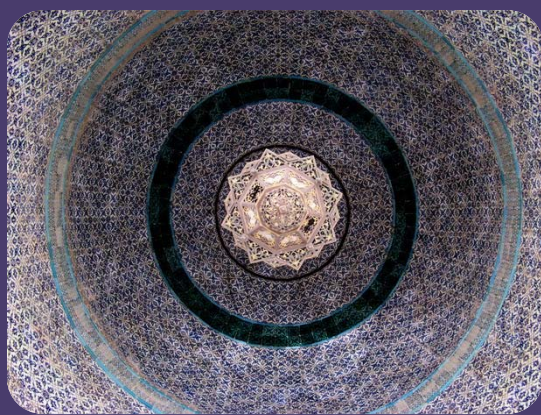

## *Jerusalem Ascension - Feb 5-7*

### *Post Conference - ISAR consulting skills*

Nothing compares to Jerusalem—it immediately takes you back centuries in time, perhaps 3000 years ago when it was first settled! Its beauty, richness, history, and sacredness are intoxicating! We have rented a truly mesmerizing house (called the Palace) overlooking the Old City—in short, the best location in town!

The stay in Jerusalem will include visits of the sacred sites (mostly in the Old City), featuring the Christian, Jewish, and Muslim sites where prophets and kings walked. In the afternoons, tune in and integrate the essence through Kundalini Yoga and Meditation sessions.

From 3.30pm to 9.00pm—the **ISAR Consulting Skills** program will take place in Tel Aviv (about a 45 minute drive). You can join this professional program which is a stepping stone in acquiring a full ISAR Astrology certification. The Consulting Skills training is extremely popular in the international astrology community and is taught in numerous astrology centers throughout the world. The main focus of the program is on the psychology of counseling, preparing participants for professional practice.

Those who are not participate in the Consulting Skills training can remain in Jerusalem for yoga and down time.

## *Dead Sea Yogic Retreat – Feb-8-11*

Another world favorite site, the Dead Sea is the lowest place on the earth. About 400 meters below sea level, the Dead Sea has a particularly high concentration of minerals and salt that does not make it possible for any creature to live in it but makes those who get in immediately float. Located in the Judean Desert, the sea has a deeply purifying quality, both on a physical level where people come from all corners to treat skin conditions and get mud baths, and on a spiritual level, where the unique energies are most appropriate for spiritual work.

We will stay at a retreat center located on the mountains overlooking the sea and wake up at the crack of dawn for **Yoga Sadhana**, watching the Sun rise above sea. Following a hearty breakfast and some down time, we will drive down to the sea and dip in, weather permitting. Afternoons, we will engage in **spiritual and astrological discussions** before taking **long walks in the virgin desert** for sunset.

In full spiritual immersion, our meditation and ceremony practice will carry the energy we created the previous days, beginning at the conference, continuing our alignment with Neptune in Pisces—*time to ditch time and space? Apparently, there won't be much of a choice!*

Once infused with higher wisdom and health, you can choose to depart for home the evening of February 11, or extend your stay to keep exploring Israel on your own.

## About Israel

*Israel is the gate between East and West, located at the gate of three continents. This tiny country borders three seas (Mediterranean, Dead Sea, and the Red Sea), in addition to the Sea of Galilee—which is actually a sweet water lake. Its landscape is extremely varied, from lush vegetation in the west and north, to desert in the east and south.*

*Modern Israel was created in 1948 following the Second World War as Jews returned "home" after exile and persecution. It is now home to 7 million people. 76% Jews, 19% Arabs, and 5% minority groups. The official languages are Hebrew and Arabic—English is commonly spoken and understood.*

*Geodetically, Israel is located between the Taurus (4°) and Leo lines (11°), and synchronistically its chart has a Taurus Sun (23°) and a Leo Moon (4°).*

*Come and inhale the Middle Eastern scents and flavors,  
walk the path of prophets, and bring peace—in short,  
Eat — Pray — Love... and Learn!*
